MEMORANDUM FOR: [REDACTED]
Chief, ICDC/PPG/OCO

FROM : PB/NSC Coordinator

SUBJECT : Your Computer Printout of NFAC Pubs

25X1B

1. I want to thank you again for subject printout which you provide us each Wednesday. It continues to be very useful in our work.

2. Regarding the three-month projected printout, which we receive the first Wednesday of each month, I believe that this, too, will meet our needs. In order to make this more effective as a data base with which to work in the future, however, I would like to ask your assistance in one regard.

- a. Attached is a list of those items which had previously appeared on the weekly runs, but which do not appear on your three-month projection. (We did have a much longer list, but found that many of these had appeared in the three-month projection.)
- b. As these are publications in which we have an interest, I would appreciate a one-time check of this list and an indication of whether these publications have been: (1) published; (2) dropped; or (3) deferred into the future beyond your three-month projection.
- c. I realize this may take a little time, and I apologize for any inconvenience it may cause, but it would be most helpful in order, once and for all, to clear up this list of "missing" publications. This will enable us, hereinafter, to deal solely with the weekly list and the monthly three-month projection.

Thanks
